President's Remarks

by Mike Covell

We began this quarter with sponsoring the Council of Governors for their quarterly meeting. We have the opportunity to show the Governors our western hospitality once every three years. We had a superb Friday night banquet at the Hendersonville Country Club with a stimulating talk by our own Colonel Richard "Duke" Woodhull regarding a career in the U-2 branch of the USAF.

At the business meeting the following morning the Chapter received recognition for our membership growth. We also learned about the struggles to get the North Carolina

legislature to move forward with a bill to bring all military members into the benefit of not taxing their retirement pay in North Carolina. We also learned of a new national initiative to form virtual chapters for surviving spouses and medical military personnel. It provides national networking for the small number of MOAA members in those two categories.

Our members continue to provide services in a wide variety of veteran related efforts. A wider description of those initiatives later in this newsletter. To support them the Board agreed to support each with a \$1,000 donation.

We are honored to have Representative Mark Meadows provide us an update on a wide variety of issues at our August meeting. This is our Annual Membership Meeting when every old numbered year we elect our Officer Board for the following two years. Only members attending the meeting may vote for these candidates. Their names are list elsewhere in the newsletter. I have included the member survey in the newsletter. If you haven't done so, please complete the survey and return it with your meeting reservations or separately. This will help our new Board learn what is important to you and get them off to a fast start.

Let's continue our growth and service as we wind down the year.

Legislative Update

Our Legislative Affairs Officer has recovered from his recent illness and has provided the following update regarding legislative activities:

There is perhaps a light at the end of the tunnel that will alleviate the "WIDOWS TAX" At the present survivors of diseased military members must forfeit part or all of their Survivor Benefit Plan (SPB) if they receive VA's Dependency and Indemnity Compensation (DIC). The Senate sent the Defense Bill to the House of Representatives without addressing the issue. However, the House of Representatives includes correcting the issue in their version of the Defense Bill. Of course, the bill must return to the Senate for their approval. Both of North Carolina Senators support the MOAA position. We won't know the outcome until September at least; but, there is hope.

We, as members of MOAA, must continue to send the MOAA sponsored E-mails and post cards to let our elected Representatives and Senators know that their constituents support MOAA's position on military related issues; issues that affect both the retired and active duty military communities. Numbers count! Sending personal communications have an impact greater than mass mailings.

If we do not fight for our hard won benefits who will?

Harvey L. Wilson

Take advantage of our visit from Representative Meadows at our August meeting to express your concerns about Congressional support for veterans and their spouses.
